

LAND RECLAMATION & DEVELOPMENT

MISHMERET YESHA assists individuals, farmers and outlying communities in projects that enable them to redeem, rehabilitate, preserve and secure the land.

These projects involve the clearing, fencing, planting and irrigating of organic vineyards, olive and fruit trees with the purpose of establishing cottage industries such as organic wineries, olive presses and produce.

When visiting Israel for an event, or just vacationing — don't leave without going on a meaningful, exciting and inspiring Mishmeret Yesha tour: full or half day.

For individuals, families and groups.

Half and full day self-defense training courses for visitors: use of firearms and Krav Maga

Paintball facilities for the whole family!

WHO WE ARE

MISHMERET YESHA is a grassroots activist umbrella organization, a di-vision of **24GUARDS (KADAM)** — The Movement for Jewish Sovereignty in Israel.

MISHMERET YESHA consists of several groups, programs and projects that protect, further and improve the lives of Jews in Israel since 1988. The organization's main focus has been in the areas of security, medical aid, legal assistance, land redemption/preservation and education.

What principles define us

- The Torah of Israel and the words of the prophets are the ideological basis for the Nation of Israel. Any and all national decisions will be based on this and only this ideology.
- Jerusalem is the eternal capital of Israel and Mt. Moriah, site of the Third Temple to be built in our day.
- Every grain of sand and every stone in the Land of Israel are holy to the Nation of Israel. No authority is allowed to relinquish any portion of the land.
- The political and spiritual leadership of the Nation of Israel must be comprised of people possessing vision, absolute faith and uncom-promising integrity.
- The only home for the Nation of Israel is the Land of Israel. The security and strength of the Nation of Israel is dependent on the military, political and economic independence of Israel, which will be achieved via the ingathering of the exiles and the removal of all hostile elements from the land.

Basic Facts

- ⇒ **OVER 100** communities benefiting
- ⇒ **4000** Rapid Response Team members trained
- ⇒ **2000** armored protective and combat vests designed, fabricated & distributed
- ⇒ **OVER 500** protective vests & helmets for men, women & children purchased and distributed throughout Yesha
- ⇒ **32** security g'machim (loan committees)
- ⇒ **45** medical g'machim (loan committees)
- ⇒ **300** combat vests and assorted tactical equipment distributed to IDF units
- ⇒ **HUNDREDS** of cases defended by our legal program
- ⇒ **TENS OF THOUSANDS** of olive trees and grape vines planted
- ⇒ **THOUSANDS** of acres of land reclaimed throughout Yesha
- ⇒ **HUNDREDS** of agricultural and vocational work projects initiated throughout Yesha
- ⇒ **HUNDREDS** of women subsidized for the purchase and trained by M.Y. in use of firearms and other self-defense skills

WHAT WE DO

SECURITY

MISHMERET YESHA initiated **Security Free Loan Committees** loaning protective equipment to men, women and children traveling the roads of Israel.

MISHMERET YESHA, together with the IDF, developed the **Rapid Response Team Project** and **Project Mivtzar** equipping and training of the volunteer security teams comprised of residents of the outlying communities. The IDF supplies team volunteers with firearms and provides the training facilities, and Mishmeret Yesha trains and equips them with protective and night vision equipment. Fighting terrorist infiltrators is the most complicated war situation and requires a special skill set.

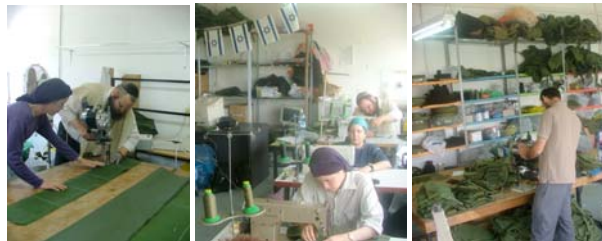

MISHMERET YESHA created project **Haganat Hayishuv** (community defense) combining community courses and early warning detection systems.

MISHMERET YESHA designs, develops, fabricates and distributes lightweight armored combat vests and equipment to the IDF reserve infantry units since the 2006 Lebanon war: **Project Nachalat Yehudah**.

MISHMERET YESHA developed and operates its own sewing facilities in Bet-El, Binyamin to design, fabricate, and distribute protective security equipment to security projects in the outlying communities.

MEDICAL AID

MISHMERET YESHA operates a three-part emergency medical program involving the three stages of a terrorist attack: before, during and after.

Before terrorist attack	Designs, fabricates and supplies armored medical vests for emergency medical personnel.
During terrorist attack	Establishes mini trauma rooms in the outlying communities where medical evacuation is difficult if not impossible.
After terrorist attack	Provides the rehabilitative free loan medical committees that loan and deliver physical assist equipment to the wounded, handicapped and sick.

LEGAL ASSISTANCE

Since 1988, **Mishmeret Yesha** has been assisting and defending Jews in the Land of Israel with its **MATIR ASSURIM – THE JEWISH LEGAL FUND**. This fund assists Jews victimized by anti-Israel NGOs and government policies, and who personally suffer from the Arab terror war let loose on the people of Israel.

EDUCATIONAL

MISHMERET YESHA organizes and facilitates work projects and vocational training courses for challenged youth before during and after army service in various educational institutions in the areas of organic agriculture, wood-work, metalwork, the various building trades and the organic breeding of chickens, goats and sheep.
