

Congregation Beth El

Zionist Organization of America

invite you to a

Dinner with leading advocate for Israel

MORTON A. KLEIN

National President of the

ZIONIST ORGANIZATION OF AMERICA

**Israel and the Arabs:
Is Peace Possible?
How Will the Gaza
'Disengagement' Affect
Israel's Future?**

- Prime Minister Ariel Sharon's "disengagement" from Gaza, rather than improving Israel's security, will make Israel more vulnerable and encourage the terrorist enemy.
- Instead of dismantling their infrastructure, Palestinian Authority head Mahmoud Abbas ("Arafat in a suit") is embracing the terrorists.
- Meanwhile, if the "disengagement" plan is carried through, the stage will be set for potentially giving away even more parts of Eretz Yisroel.

Morton A. Klein was named one of the top five Jewish leaders in America today by the national Jewish weekly The Forward.

**Friday, May 13, 2005, following 6:15 PM Happy Minyan
