Phantom Nation: Inventing the "Palestinians" as the Obstacle to Peace

by

Sha'i ben Tekoa

Zionist Radio Commentator

Sha'i ben Tekoa is a strong Zionist in the Nationalist camp. His popular radio show, *Deprogram Program*, in which he debunks Arab lies and misleading language, has been on Arutz Sheva / Israel National News for many years. It is now provided on his own website,

http://www.deprogramprogram.com/

He views Palestinian nationalism as a successor to Nazism and notes that the Palestinians have turned down opportunities for a state because that's not what they want.

He wrote the three-volume Phantom Nation: Inventing the "Palestinians" as the Obstacle to Peace, sold through Amazon.
